## **Town of Milford Community Center Planning Study Stakeholder Questionnaire**

---

Ironwood Design Group LLC, Turnstone Corporation and The H. L. Turner Group Inc. have been retained by the Town of Milford to complete a feasibility study for the development of a new community center in Milford. As part of this study we are talking to stakeholders for a new community center.

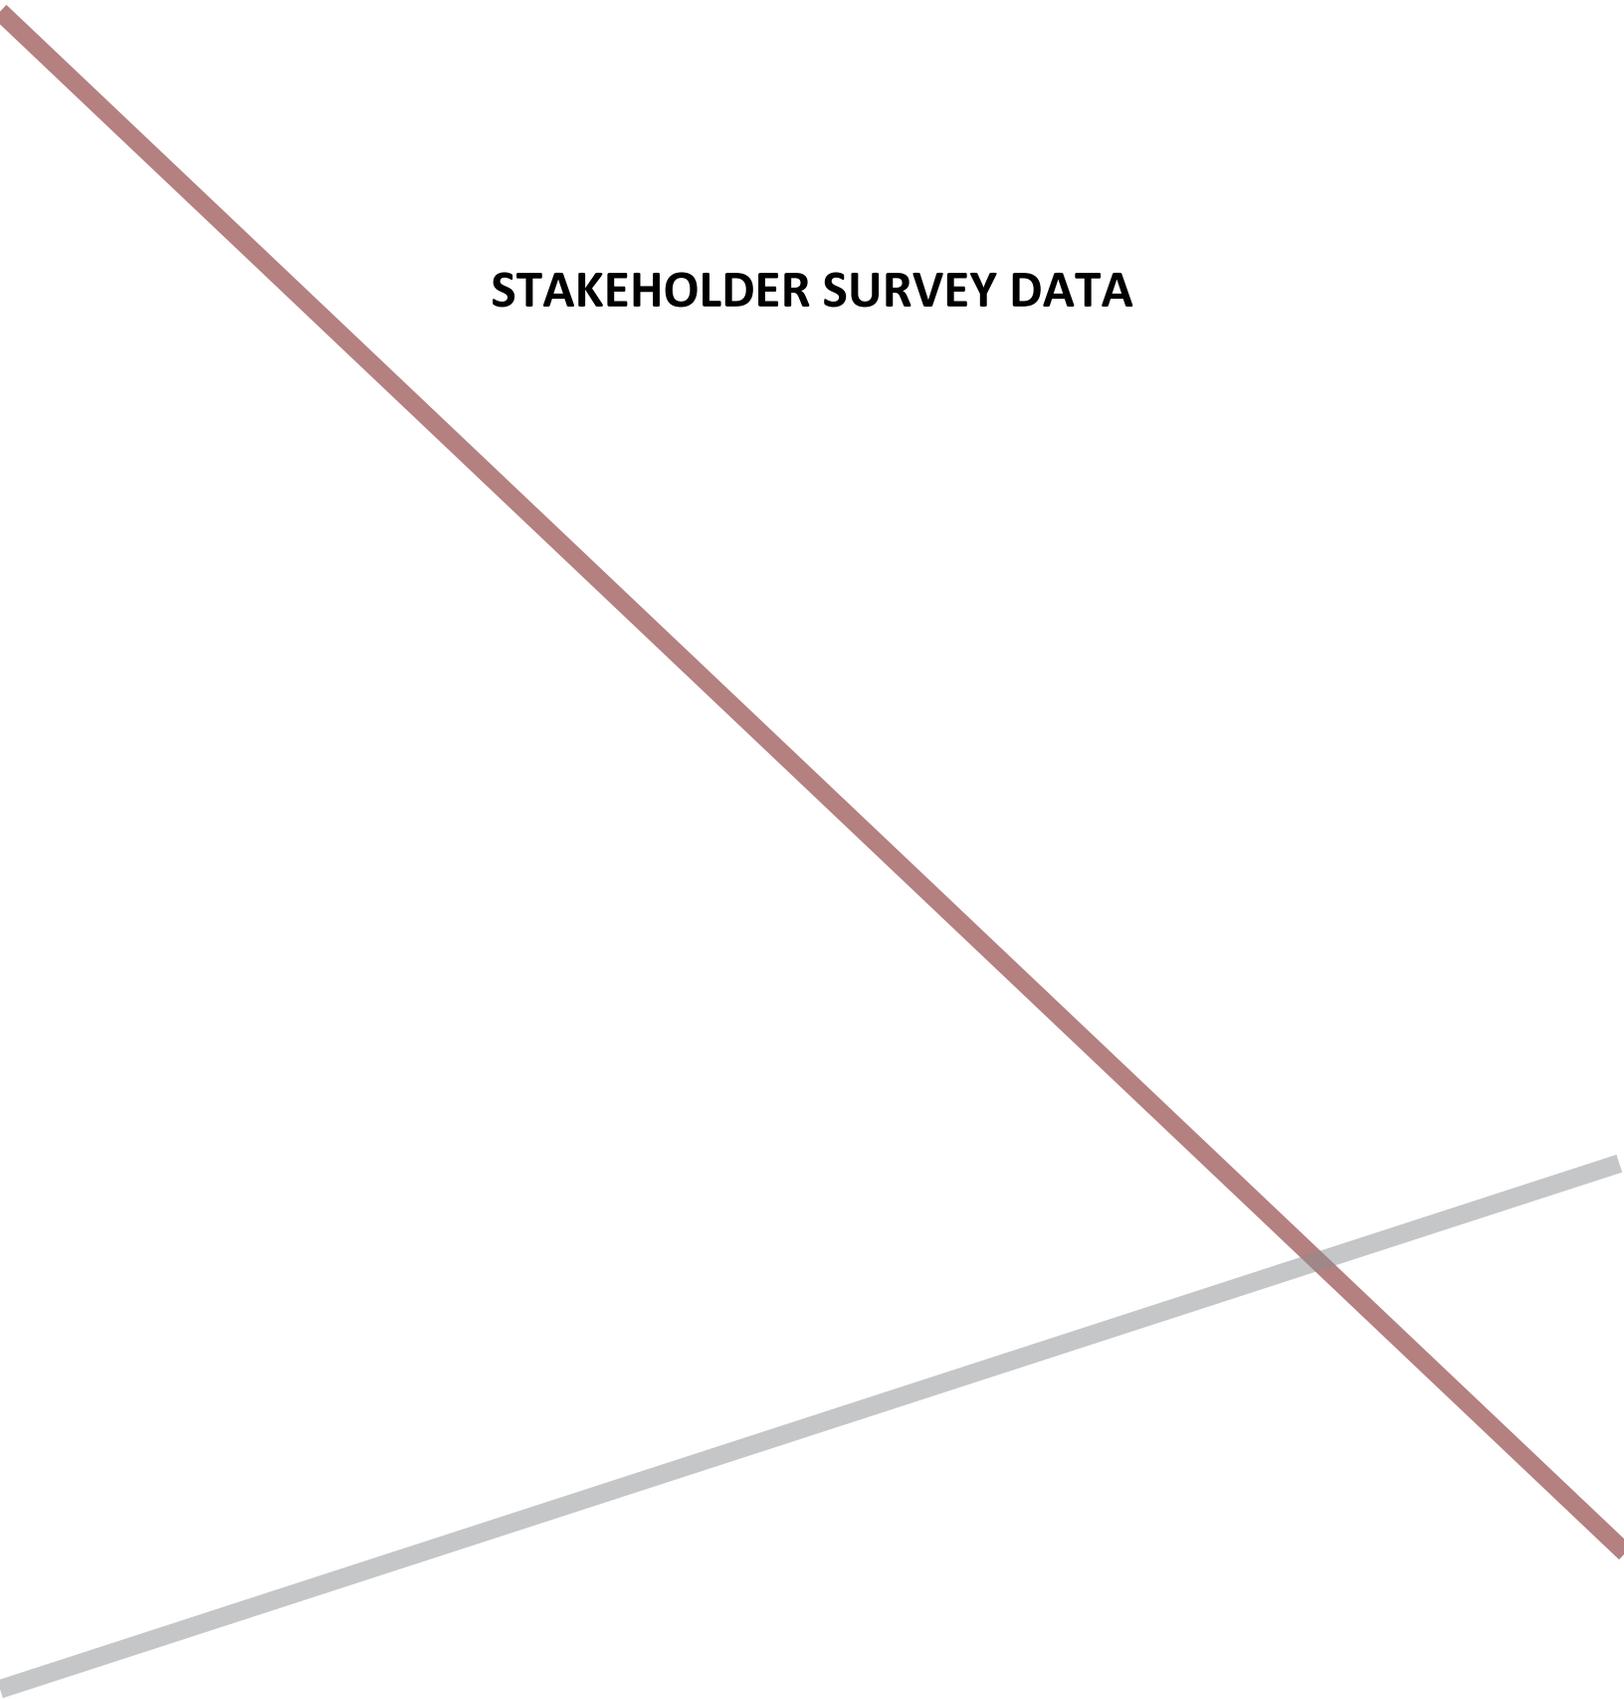

1. Do you and your organization believe that there is a need for a new public community center in Milford?
  - a. If yes, what elements should it contain to meet community needs?
    - i. Local or regional focus?
  
2. Does your organization have any interest in partnering with the Town of Milford on the development and/or operation of a new community center?
  - a. If yes, in what manner?
  
3. The town is considering the development of a new community center on the land it owns at Keyes Memorial Park, and the lot directly adjacent at 127 Elm St, formerly the industrial Permattach building. What impact would the 127 Elm St./ Keyes Park site have on your possible partnership?

4. What are the specific amenities that your organization would require in a new community center in Milford? Would your organization like to see any amenities added to Keyes park?
  
5. What are some of the issues related to this project that would impact your organizations involvement in the project? Are there any deal breakers?
  
6. What resources could your organization bring to this project?
  - a. Capital development funding? In what amounts?
  - b. Operational funding or assistance?
  - c. Program and service assistance?
  - d. Other?
  
7. Other comments or concerns?

Please complete and return this form by October 12<sup>th</sup> or at your earliest convenience. We anticipate scheduling video conference survey review sessions with stakeholders groups during the first few weeks of November. Please check the calendar on the town website in the coming weeks for the stakeholder meeting dates and links.

## Stakeholder Survey Information & Comments Summary

The survey saw 16 individuals representing organizations respond. The team felt it was beneficial to include all comments both positive and negative in the interest of full transparency for the report..

The following paragraphs summarize the comments received:

Question #1 : Do you and your organization believe that there is a need for a new public community center in Milford? If yes, what elements should it contain to meet community needs?

Answer Rate – 69% responded to the question

- Gym space for athletes, field space for athletes + activities held by town;
- senior center. Teen age center;
- Senior Center, Meeting Space,;
- Meeting space to host large meetings and events.; The community center should have a dedicated senior center, a teen program, and could collaborate with the Milford School District ATC to offer an early childhood program both for families and to offer to high school students an associate’s degree program in ECE. There should also be community health programs, such as healthy cooking classes and exercise programs for people of all ages. And, there could be a Maker’s Space and art programs.; Regional focus. Intergenerational Programming opportunities that Seniors and Disabled residents could participate in.;
- Place for youth;
- The community has a need for a place for seniors to go. Host community events and community dinners, rent the community center for parties ;
- Space for kids and families as well as a space for local community support services to operate.
- This question is incredibly confusing. The two options leave quite a bit out. The library, the town hall auditorium, the police and ambulance center currently have the only spaces available for the community to meet. They are all very limited small spaces except the town hall auditorium. Except the auditorium is expensive to rent. The Library has been asking for an addition for much needed additional community space for years, but the price tag is always voted down. So they continue to do the best they can to meet community's needs and requests in an old dilapidated building that is incredibly more expensive to maintain as is, than if the myriad problems were at least fixed...;
- There is already a community center. The space is not large;

Question #2: Does your organization have any interest in partnering with the town of Milford on the development and/or operation of a new community center?

Answer rate – 100% responded to the question

- Specifically in Sports - Volleyball is our focus, however we have experience across multiple sports.; senior center;
- Possibly, the Milford Rotary Club generally does not provide funding for operating budget type expenses, but once up and running, we might be interested in helping support certain specific pilot programs, etc. ;
- Events at the library for those who are within walking distance. ; Perhaps in helping organize/plan.;
- Yes, but it depends. Not sure I fully understand why the town would work to raise the necessary funds to develop this old property now without first doing everything in their power to assist the library in securing the funds necessary to replace their failed HVAC system, plumbing issues and electrical problems so the library can at least remain open. And potentially putting this option before town voters at the same time the library is desperately requesting funds needed to repair basic infrastructure could mean an either/or decision or worst both could be voted down. I would greatly be in support of a community center AND expanding our town library but I do have some serious concerns. Considering that during the most recent election one party secured control of the state (Governorship, Executive Council, and the State House) the Governor has already announced he intends to make further business tax cuts and other cost reductions in services they offer which means this will most likely result in a property tax increase in most towns in NH. Considering that and the financially devastating period of pandemic that we are currently in, I think it would be best to wait on moving forward with something new and make sure that the town can cover the basic repairs that are most necessary to continuing services...;
- This would be a great opportunity to partner with the Milford School District. If it requires a change in state laws for public finance to allow collaboration of services and facilities, then our newly elected State Reps should get to work.;
- The Souhegan Valley Transportation Collaborative (SVTC) aka “Blue Bus” primarily serves Seniors and residents living with disabilities in 6 Souhegan Valley towns (Milford, Amherst, Wilton, Brookline, Hollis and Mont Vernon). Our focus is on providing rides to non-emergency health care appointments, social service appointments, senior centers, library visits, grocery shopping, town halls and other destinations within the 6 towns and Nashua. We currently offer/provide rides to Milford Town Hall and, during the summer, to Keyes Memorial Park.;
- Depends on needs;

- We service Milford area Seniors we are offer Assisted Living and Memory Care for individuals within the Milford community ; Space and functionality for local community organizations.
- Absolutely not we already have enough and we don't need our taxes going up they're already through the roof!;

Question #3: The town is considering the development of a new community center on the land it owns at Keyes Memorial Park, and the lot directly adjacent at 127 Elm St, formerly the industrial Permattach building. What impact would the 127 Elm St. / Keyes Park site have on your possible partnership?

Answer rate – 88% responded to the question

- We could run outdoor volleyball tournaments with 15+ nets / if the park build sand volleyball courts we could assist in the running and collecting of rental fees.;
- none ;
- This is a great location for us as it is right down the road.;
- The location is close to MHS and would allow opportunities for students to participate in ATC programs at the community center. As well, it is near the Jacques Memorial School so the preschool program at the community center could participate in the Halloween parade and other early childhood town traditions.;
- This location has no impact on foreseeable involvement with providing transportation needs as listed in #2.;
- Site location has no impact ;
- I believe it would be a great partnership. We can help in many areas ;
- It's going to draw in more low income earners and hurt our community!;
- Not all senior will have access to the site ;

Question #4 : What are the specific amenities that your organization would require in a new community center in Milford? Would your organization like to see any amenities added to Keyes park?

Answer rate – 75% responded to the question

- Sand Volleyball Courts / Indoor Volleyball Courts (big enough); Community meeting space, fitness/exercise/walking trails; Needs to be senior oriented if it is to work;
- We are a dog business that had to close our large meeting space during covid. A dog friendly large community building would be a huge asset to us.; A dedicated / fenced in playground ; A community center building with looped driveway access and with a canopy that accommodates the NTS paratransit vans would be the safest way for the "Blue Bus" to provide rides to/from the facility. Going forward, our community may benefit from

having a volunteer ride program. It is possible that office space within the community center could be useful as a dispatch/scheduling office. ;

- youth activities ;
- A place where seniors can go and mingle, education center very much like Nashua Senior Center.;
- kitchen space, ample lockable storage area, ample parking, access to parking lot ;
- No we don't need anything else we already have too much it is used at probably a 40% capacity and it's costing the taxpayers so much money to upkeep!!;

Question #5: What are some of the issues related to this project that would impact your organizations involvement in the project? Are there any deal breakers?

Answer rate – 69% responded to the question

- Must be dog friendly.;
- We already have enough for our community we don't need to keep wasting tax paying dollars!!;
- We generally don't like to fund efforts that would 'normally' be funded by taxpayers.;Location is a problem, in my opinion.; Cost. It might reduce available funds required for basic and expensive repairs to the town's library.;
- It is a shame that public finance laws are prohibitive to the sharing of resources between town and school district. ;
- A limitation is that currently our transportation services, contracted from Nashua Transit System (NTS), do not provide rides on evenings or week-ends when community center activities may be offered. ;
- drugs ;
- This project would seem to duplicate efforts of the library and cannibalize the available resources in town ;

Question #6 : What resources could your organization bring to this project? Capital development funding? In what amounts? Operational funding or assistance? Program service and assistance? Other?

Answer rate – 75% responded to the question

- Program and service assistance was the exclusive option selected from the list, ;
- Other (please specify):
  - I would love to assist in the running or programming and building of programming. Not to mention assisting in the creating of the building ( Many new buildings are not correctly sized for some sports and only focus on a few. Our organization would love to assist in all ways possible. ;

- Some daytime/weekday transportation for the elderly and disabled. ;

Question #7 : Other comments or concerns?

Answer rate – 44% responded to the question

- Please stop turning our town into a place that nobody can afford to live in! ;
- I don't believe the location would be the best for a community center as most of the senior housing is located near the center of town. The library provides many services for seniors, especially those who no longer drive but still crave interaction with others. ;
- I hope some more research and more well-considered surveys are done before this appears on any warrant article... ;
- Poor timing on a project of this magnitude in a bad financial time. The limited funds available need to be allocated to solving the large existing deficiencies in town infrastructure .and not creating new expenses ;

Do you and your organization believe that there is a need for a new public community center in Milford?

If yes, what elements should it contain to meet community needs?:

The community center should have a dedicated senior center, a teen program, and could collaborate with the Milford School District ATC to offer an early childhood program both for families and to offer to high school students an associate's degree program in ECE. There should also be community health programs, such as healthy cooking classes and exercise programs for people of all ages. And, there could be a Maker's Space and art programs.

---

## Q2

Does your organization have any interest in partnering with the Town of Milford on the development and/or operation of a new community center?

If yes, in what manner?:

This would be a great opportunity to partner with the Milford School District. If it requires a change in state laws for public finance to allow collaboration of services and facilities, then our newly elected State Reps should get to work.

---

## Q3

The town is considering the development of a new community center on the land it owns at Keyes Memorial Park, and the lot directly adjacent at 127 Elm St, formerly the industrial Permattach building. What impact would the 127 Elm St./ Keyes Park site have on your possible partnership?

The location is close to MHS and would allow opportunities for students to participate in ATC programs at the community center. As well, it is near the Jacques Memorial School so the preschool program at the community center could participate in the Halloween parade and other early childhood town traditions..

---

## Q4

What are the specific amenities that your organization would require in a new community center in Milford? Would your organization like to see any amenities added to Keyes park?

A dedicated / fenced in playground

---

**Q5**

What are some of the issues related to this project that would impact your organizations involvement in the project? Are there any deal breakers?

It is a shame that public finance laws are prohibitive to the sharing of resources between town and school district.

## Q1

Do you and your organization believe that there is a need for a new public community center in Milford?

If yes, what elements should it contain to meet community needs?:  
Regional focus. Intergenerational Programming opportunities that Seniors and Disabled residents could participate in.

---

## Q2

Does your organization have any interest in partnering with the Town of Milford on the development and/or operation of a new community center?

If yes, in what manner?:  
The Souhegan Valley Transportation Collaborative (SVTC) aka "Blue Bus" primarily serves Seniors and residents living with disabilities in 6 Souhegan Valley towns (Milford, Amherst, Wilton, Brookline, Hollis and Mont Vernon). Our focus is on providing rides to non-emergency health care appointments, social service appointments, senior centers, library visits, grocery shopping, town halls and other destinations within the 6 towns and Nashua. We currently offer/provide rides to Milford Town Hall and, during the summer, to Keyes Memorial Park.

---

## Q3

The town is considering the development of a new community center on the land it owns at Keyes Memorial Park, and the lot directly adjacent at 127 Elm St, formerly the industrial Permattach building. What impact would the 127 Elm St./ Keyes Park site have on your possible partnership?

This location has no impact on foreseeable involvement with providing transportation needs as listed in #2.

---

## Q4

What are the specific amenities that your organization would require in a new community center in Milford? Would your organization like to see any amenities added to Keyes park?

A community center building with looped driveway access and with a canopy that accommodates the NTS paratransit vans would be the safest way for the "Blue Bus" to provide rides to/from the facility. Going forward, our community may benefit from having a volunteer ride program. It is possible that office space within the community center could be useful as a dispatch/scheduling office.

---

**Q5**

What are some of the issues related to this project that would impact your organizations involvement in the project? Are there any deal breakers?

A limitation is that currently our transportation services, contracted from Nashua Transit System (NTS), do not provide rides on evenings or week-ends when community center activities may be offered.

---

**Q6**

What resources could your organization bring to this project?

Other (please specify):

Some daytime/weekday transportation for the elderly and disabled.

**PUBLIC SURVEY FORM**

# Milford Community Survey

The Town of Milford is considering constructing a new regional community center next to Keyes Memorial Park. This center would serve Milford and surrounding towns, potentially offering planned activities and recreational space tailored to community interests. In order to learn more about your interests and how you and/or your family would engage with such a facility both now and in years to come, we invite you to send us your feedback via this survey.

Your input is vital to our success, and we are grateful for your time. Thank you for participating!

1. Are there any activities, amenities, or improvements that you would like to see at Keyes Memorial Park?

2. A variety of new activities have been identified for your consideration as a part of a new regional community center at Keyes Memorial Park. Please circle the ones you and/or your family would most enjoy.

## Additional Public Survey Information & Comments

The following graphic represents the demographic of respondents to the public survey posted to the town facebook page:

The following comments were written by survey participants upon completing the survey posted to the town facebook page. The team felt it was beneficial to include these comments in the interest of full transparency for the report..

- *Milford is a wonderful family town ♥️ I feel this is a great idea! Someplace where children can go to have fun. Hopefully the cost will be minimal so that everyone has a chance to enjoy.*
- *If this were to be for surrounding areas where is their cost? Why are we footing the bill when taxes are too high already? Who foots the liability and insurance cost? !!!Seems thru this past year ppl have found plenty of recreational activities in and around this town. Look at the cost of dredging such a small area of osgood pond!! The activity around it has increased hugely!! Seems this town already hosts hiking trails and we've seen the problems from that. Not to mention only a handful of ppl would even use such a facility. Those that come up with these ideas must consider self funding and not break the backs of taxpayers. Worry about your fellow man closer to home first please.*
- *What we really need is a senior center we have nothing like that in our town*
- *I love this town, but I think this year everyone would agree, lower our taxes and put a*

*hold on spending some money. That would help everyone no matter the situation currently.*

- *I'm all for things for the community, but its been a rough year*
- *We already have the boys and girls club—I think there could be some better ways to use money*
- *LOVE Milford, my neighbors have become my family... The kindness of our community and the endless rainbows 🌈 Milford is a slice of Heaven ❤️👍*
- *Having a space where seniors with varied interests can go would immeasurably help both seniors and their care givers. Having that space be a community space where everyone is welcome would make it even better - allowing people with limited mobility options to feel like part of the community again.*
- *Milford is such a wonderful town. I love living here.*
- *First, immunity from Covid! Second, definitely a diverse space for all ages.*
- *I'm still wondering when a dog park will happen. Lots of talk....*
- *My guess is if the town won't agree to finally provide more funding for community events at the library or build a couple of sidewalks, then this will never happen. We had high hopes for Milford. However less than two years and we already plan to move. Not just out of town or state but to a region of the country where for less money every month, we can enjoy and provide for a family an infinitely more amount of opportunities to kids from birth through college. I hope the town progresses for the people that plan to never leave. But considering property taxes and rents are wayyy too high for the quality of life, my guess is it needs to be privately funded or the town would never vote for it therefore it will never happen. While the park could certainly be improved I am there quite often and don't really think the current residents take advantage of it already as I don't think it's ever very busy even though it's the only real park around. I've never once seen a familiar face or neighbor there. My guess is that the residents aren't as into community, activities and wellness as the visionaries who created these ideas.*
- *A place for older kids/teenagers to go.*
- *Will you have something for senior citizens? There is already a lot of stuff for children. How much tax dollars will this project cost?*

- *Looking at the survey this sounds like a big project, what is the cost to taxpayers for such a project? Are you charging a membership fee to use these facilities? Do you realize you would potentially be taking business away from other business already established in the town?*
- *Any chance of putting money aside for another huge investment. Or is instant gratification and a huge strain on the taxpayers the way to go?*
- *Nh needs to lower rentals and property taxes cnt enjoy everything being so high*
- *My only wish is that every human being is welcome*
- *This survey cannot be effectively answered without a general statement regarding how it would be paid for. My answers would differ dramatically if this is expected to be a tax payer funded project vs self funded*
- *I think the money could go to other things in town. Like fixing some of the roads. Maybe clean manhole's and fix the cover's that need fixing. We got the new school, we got the new police station oh and the EMTbuilding. Taxes are huge compared to what they were 20 years ago. Oh and don't forget the great awesome sewer and water bills 🤔. This is coming from a pretty silent Milford citizen...*
- *How about fix Summer Street*

## Q1 Are there any activities, amenities, or improvements that you would like to see at Keyes Memorial Park?

Answered: 148 Skipped: 83

#	RESPONSES	DATE
1	I am a senior citizen, so I don't actually use the park but I love to walk through it.	4/22/2021 9:30 AM
2	The ones I've circled below. It's a very helpful list!	4/22/2021 9:24 AM
3	A seniors lounge with a kitchenette, game room, seniors need their own space. Weight room should be suitable for seniors.	4/22/2021 9:21 AM
4	We already have a really good town library. Maybe a shelf to exchange used books would be a good thing here. Would love to see a walking path with benches spaced well along the way. An ice rink is great for families. I'm too old, but our town ice pond was important to my childhood.	4/22/2021 9:12 AM
5	Fence around the playground to safely keep our little ones in. It's hard to keep an eye on a 3.5 year old on the big structure and a 1.5 year old on the little one. A fence would make me feel much safer.	4/21/2021 5:30 PM
6	Improved/updated playground equipment, paved walking path around park, splash pad	4/20/2021 9:26 PM
7	Some shade features (trees or canopy) for the new and improved skatepark. It's terribly hot in the open sun in summer. The lower half of driveway could use a re-paving. Re-surface tennis courts. More ball fields? I love Keyes!!! It's a family friendly area and I love seeing it used by all ages.	4/20/2021 2:34 PM
8	Roller skating, indoor pool	4/20/2021 2:34 PM
9	I would love to see a walking/running trail through Keyes that connects to the Emerson park trail.	4/20/2021 1:54 PM
10	More policing on the 'island' in the river west of the park and north of the soccer field	4/20/2021 1:52 PM
11	Walking trail! Year round ice rink!	4/20/2021 1:47 PM
12	No	4/20/2021 12:59 PM
13	Yes! More climbing equipment. Typical playground games like funnel-ball and tether-ball. Updated restrooms.	4/20/2021 12:56 PM
14	Updated pool facilities (bathrooms, deck, etc).	4/20/2021 12:47 PM
15	no	4/20/2021 12:15 PM
16	The playground needs a total revamp. Would love for a paved walking trail around the park where we could take strollers.	4/20/2021 12:14 PM
17	Splash Pad for the kids pool area. Full size gymnasium.	4/20/2021 12:12 PM
18	Bocce ball court	4/20/2021 10:58 AM
19	Public bathrooms, not Porto potties	4/20/2021 10:49 AM
20	Making the pool better and maybe a bigger playground.	4/20/2021 10:31 AM
21	Dog Park	4/19/2021 10:31 AM
22	Not sure.	4/12/2021 2:26 PM
23	Ping pong tables, outdoor or indoor. In Boston I've seen outdoor ones made of cement and metal for the nets, that could be used all year round.	4/10/2021 7:05 PM

## Milford Community Survey

25	None. The town should save money and lower taxes.	3/30/2021 8:45 AM
26	I would like to see an updated playground and different ground covering/rubber. Also some awnings over the structures for hot days/winter months. A large splash pad with seating(cement ring around the perimeter) More porta-potties	3/28/2021 7:05 PM
27	Better playground.	3/25/2021 12:55 PM
28	We are fairly new to town and just becoming acquainted with the park.	3/18/2021 12:32 PM
29	Creation of a real community center that provides multi-generational activities, not just for kids. Seniors in Milford have very little programming available to them.	3/15/2021 2:11 PM
30	concerts, plays, fashion shows, contests - skies the limit!	3/13/2021 3:30 PM
31	More activities for older/elderly such as pickleball courts	3/13/2021 11:30 AM
32	Clean sanitation facilities, community meeting spaces to support local clubs, teams, and organizations. Walking/ running paths, bike trails and connections to local bike paths/ bike lanes improved pedestrian access from all entrances to the property and public transit/ alternate transit access	3/10/2021 6:43 PM
33	No	3/10/2021 9:12 AM
34	An ice rink/roller hockey rink	3/7/2021 3:52 PM
35	park benches updated, more picnic areas for families	3/1/2021 2:56 PM
36	Don't use	2/28/2021 11:32 AM
37	The "recently" acquired area should be used for a combined library and community center. The current library is in a terrible location and needs better parking, easier access, and a better "walk to & bike to" location. A shared structure would be less expensive to construct and to maintain.	2/27/2021 11:23 PM
38	Indoor swimming pool for year round enjoy!	2/27/2021 12:53 PM
39	I would like to see a bridge over to the North River Road park	2/24/2021 3:02 PM

64	Yes	1/10/2021 6:59 PM
65	More swings for disabled children	1/10/2021 6:29 PM
66	No	1/10/2021 5:41 PM
67	Toddler/ caretaker tumbling sessions, yoga	1/10/2021 5:13 PM
68	No- I especially do not want to see any development of a giant Community Center that will cost millions of dollars that we do not have.	1/10/2021 12:08 PM
69	A walking path on the perimeter of the property. I currently walk the perimeter of the property including around the old, scary building. It is very sad that we have so few trails w/o obstacles. I drive to Mines Falls once a week for good trails. I live within walking distance of Keyes via the bridge by the Boys and Girls Club. A nice trail could be accomplished for very little cost. A Splash Pad would be great for grandchildren. A nicer playground too. The building needs to be torn down now even if there is no money to build a new one. It is a terrible eyesore.	1/7/2021 8:05 PM
70	none that i can think of at this moment that aren't already in place.	1/7/2021 4:30 PM
71	activities for adults... maybe bocce ball... shuffleboard... horse shoes	12/18/2020 12:01 AM
72	A dog park.	12/14/2020 7:01 AM
73	No because our town would absorb cost and outsiders would benefit.	12/14/2020 6:34 AM
74	Bounce backs, expansion of the pool and playground	12/14/2020 5:10 AM
75	We have never used Keyes park in our 42 years here	12/14/2020 2:08 AM
76	A place for children and families to meet and have activities and fun in a safe year round environment.	12/13/2020 10:01 PM
77	No. Fund the library improvements instead.	12/13/2020 11:51 AM
78	Definitely like to see a designated area for a Senior Center. Seniors need an area where they can do crafts, puzzles, etc and not having to worry about others using their area.	12/13/2020 10:26 AM
79	Indoor swimming	12/13/2020 7:02 AM

91	We need a senior center	12/12/2020 3:14 AM
92	Perhaps a shuttle for our seniors living on/around the oval to help get many depressed older folk into the public and give them more space to socialize. It's a sad and dismissed issue that our seniors face, especially those with limited mobility or no vehicle/family.	12/12/2020 12:06 AM
93	no	12/11/2020 11:58 PM
94	More stuff for toddlers	12/11/2020 11:45 PM
95	Please just stop this now. Most of what you propose exists. If there was a big demand for any of the other items, that would be a great opportunity for a business to offer those things. This is not the town's responsibility.	12/11/2020 11:40 PM
96	I would love to have an amazing splash pad addition to the playground area for the kids.	12/11/2020 10:50 PM
97	Updated equipment and clean up, paved walking path	12/11/2020 8:51 PM
98	Adult crafting, community educational classes	12/11/2020 8:09 PM

109	better tennis courts, basketball improvements for older and small hoops for younger kids.	12/11/2020 10:39 AM
110	Outdoor Concerts, Public restrooms	12/11/2020 9:08 AM
111	Not the time to add more burden to the taxpayers of Milford.	12/11/2020 8:54 AM
112	No, other than better sidewalks in town. A lot of people walk downtown and some of the sidewalks are very rough and uneven which is dangerous. It would also be nice to have a sidewalk on Mason Rd. With no shoulder and speeding traffic it makes the road very unwalkable.	12/11/2020 8:09 AM
113	Walking, sitting on spaces I alongside river expanded & landscaped.	12/11/2020 7:49 AM
114	Hobbyist groups for people of all ages! Moms/dads groups! After looking at the list below, would love to ditch my two gym memberships for 24/7 access to a walking track, cardio equipment and weights area!!!	12/11/2020 6:13 AM
115	Disc golf course! Lots of surrounding towns have public disc golf courses on town owned lands or Parks. Low impact, and a great way to get outside and be active all year round!	12/11/2020 5:16 AM
116	Update skate park. Add pickle ball.	12/11/2020 4:58 AM
117	Cross country ski trails	12/11/2020 3:21 AM
118	Accessible bathrooms, indoor/outdoor RC tracks, ice rink, more benches/seating.	12/11/2020 1:51 AM
119	Please consider a fenced in dog park.	12/11/2020 12:50 AM

## Milford Community Survey

120	More trees in the old superfund site. It's so barren now. Also, though I'm in my 30s, I notice that there are so many elder communities in town with no real gathering place for them to exercise and socialize.	12/10/2020 11:26 PM
121	Kid/momma/daddy swings	12/10/2020 11:00 PM
122	No	12/10/2020 10:36 PM
123	Permanent bathroom access (not just port-a-potty)	12/10/2020 10:14 PM
124	Not in the manner that is currently being proposed. There are plenty of actual needs the already exorbitant amount of taxes we pay in this town can be utilized for instead of completely frivolous extras such as this. Any facility like what is being proposed should be way far down the list of the town's priorities. Furthermore, if this is to be a "regional" community center, then any costs not covered by private, state, or federal funding should be charged to non-residents in the form of monthly/yearly dues or other fees to partake in specific events should they choose to make use of such a facility while remaining 100% FREE in perpetuity to in-town residents since we will already more than likely be footing the bill in the form of a property tax increase that we DO NOT WANT.	12/10/2020 10:03 PM
125	Picnics tables and more shade trees	12/10/2020 10:00 PM
126	Beautiful Park as is. Maybe some more shaded areas?	12/10/2020 9:46 PM
127	An indoor pool	12/10/2020 9:46 PM
128	New grass where it is patchy and thin. Better/new benches. Add seating/benches around the skate park. Fix up basketball and tennis courts. More parking. More trash barrels or more frequent trash pickup. Recycling bin.	12/10/2020 9:37 PM
129	An indoor ice rink!	12/10/2020 9:33 PM
130	No dogs off leash!!!! Gate around the playground. Splash pad. Movie nights in the park. Better concerts. Update play equipment- more like Joshua's in Amherst. Pair with library for art in park and story walks and fairy houses.....indoor space to play rec hall	12/10/2020 9:30 PM
131	Splash pad/ water park	12/10/2020 9:09 PM

135	A fitness park with different workout stations.	12/10/2020 8:28 PM
136	Splash pad	12/10/2020 8:24 PM
137	A garden area with seating and paths. Maybe a community food garden.	12/10/2020 8:07 PM
138	Indoor pool	12/10/2020 8:01 PM
139	1. Christmas decoration light show 2. Continue with the balloon festival 3. Summer events, fares , food events ( when covid is over ) , 4. And please bring a skating ring. Pleaseeeee . You can even charge people for the skates and using the ring	12/10/2020 7:34 PM
140	Walking trails	12/10/2020 7:26 PM
141	Bus stop, Emergency phone, Splash pad	12/10/2020 6:43 PM
142	More planned community events	12/10/2020 6:40 PM
143	I think having indoor spaces for martial arts tai chi, is a great idea!	12/10/2020 6:32 PM
144	It would be great if the playground had a shade cover for hot summer days. Also a splash pad for the kids. Possibly a community garden.	12/10/2020 6:26 PM
145	More space to walk & walk dogs	12/10/2020 6:24 PM
146	Concession stand/food truck	12/10/2020 6:23 PM
147	Indoor Swimming pool for all year round! Aerobics and exercise equipment. Rock climbing wall and indoor running /walking track.	12/10/2020 6:09 PM

Answered: 112 Skipped: 119

#	RESPONSES	DATE
1	A community center for activities for all age groups	4/22/2021 9:30 AM
2	A place for multigenerational families, for example, Grandma could go to the senior stuff while mom and kids do other activities.	4/22/2021 9:24 AM
3	At 82???	4/22/2021 9:01 AM
4	A place for all ages and services, trips, education.	4/22/2021 8:57 AM
5	A place where grandparents parents, and grandkids can join (ie make it accessible to all people including wheelchairs)	4/21/2021 5:30 PM
6	A clean, well-maintained location with amenities for children	4/20/2021 9:26 PM
7	Indoor playground, indoor gym, indoor tennis, roller skating, pool	4/20/2021 2:34 PM
8	Ice rink would be awesome!	4/20/2021 1:47 PM
9	One that doesn't increase my taxes	4/20/2021 12:59 PM
10	Learning and enjoyment for all ages.	4/20/2021 12:56 PM
11	Indoor pool, event and meeting space, activities for all ages	4/20/2021 12:47 PM
12	Maybe a skate house like they have in Concord that has bathrooms and water station and rents skates in the winter.	4/20/2021 12:14 PM
13	Self sustaining not tax funded	4/20/2021 10:58 AM
14	Low cost	4/12/2021 2:26 PM
15	member-based, non-competing, cheaper events than Hampshire Hills sports club, no restaurant needed, no comedy shows, not resemble a nightclub, no alcohol, no gambling, cameras observe the parking area, on-site security	3/30/2021 11:03 AM
16	None. The town should save money and lower taxes.	3/30/2021 8:45 AM
17	As our family grows, we would utilize a community space that provides regular activities/classes for learners of all ages; spaces for birthday parties, holiday parties, baby showers, etc; location for fairs and community events; and can feature local visual and performing artists	3/18/2021 12:32 PM
18	To be a true community center, it needs to address the needs of ALL age groups, not just children. The ideal community center would provide age-appropriate programming throughout the day and evening: for example: Mornings & early afternoons, activities for seniors, such as drop-in card games, chess or other board games, as well as art classes geared to seniors. During the afternoon or evening hours, expand similar programming for after-school or family oriented activities: game nights, including VR gaming; or craft / art / hobby activities. Personally, I feel that Milford expends an extraordinary amount of money and effort into sports activities & playing fields for kids, but next to nothing for other activities for other age groups.	3/15/2021 2:11 PM

26	When visiting Family in Anthem, AZ, - they have a community center that you are planning. Please check it out at: <a href="https://www.onlineatanthem.com/residents/recreations_and_amenities/community_center/index.php">https://www.onlineatanthem.com/residents/recreations_and_amenities/community_center/index.php</a>	2/27/2021 12:53 PM
27	I think there is a lack of indoor gym space for the winter months	2/24/2021 3:02 PM
28	I do not envision using a community center. My needs are already met with the existing facilities, which should be supported for future expansion. Partner with existing facilities or organizations such as SVBG Club or the Wadleigh memorial Library which already provide many of these listed activities.	2/18/2021 10:23 AM
29	multi-function activity space connected to MCAA, walking trails and existing Amato center space	2/16/2021 10:21 AM
30	WE ALREADY HAVE ONE- the Wadleigh Memorial Library. Also, other activities not currently available there have been held at Town Hall and Bales School in the past. Why reinvent the wheel? If you really want a community center, why not repair and renovate Bales School? I VOTE NO !!!!!!!	2/15/2021 6:47 AM

36	Senior activities	1/23/2021 10:41 AM
37	A community center that blends all ages (not sequesters seniors away from preschoolers). I would prefer to see such a building built near the existing building and parking lot at 127 Elm Street rather than in the current greenspace of Keyes. Adding nature play elements in the tree grove along the river would be a natural progression. I think with a track at the high school which was built as a community track with support from the community, it is unnecessary to pave a track at Keyes. It is easy to walk the grassy perimeter already. Be mindful of the river and not paving or adding too much impervious surface to this area. Also remember that Keyes Field is a floodplain and has been entirely submerged a few times in the last 15 years. I wish for community space at the next Wadleigh library that will satisfy some of the items on your list: Community Space, Arts and Crafts, Classrooms for birthday and functions, and library/internet space.	1/20/2021 9:13 AM
38	Community activities for seniors, arts and entertainment, healthy exercise for seniors and a blended activities center for families too.	1/14/2021 10:49 PM
